

Waste Management and Environmental Policy

Revision Date: June 1, 2023

- The proper safeguard of our environment is important to our organization
- While doing our work, we shall consider the appropriate protection of human, animals, plant life, air, water, and soil.
- We expect all persons to do their best to prevent harm to the environment
- Our goals on the job can be met without risking harm to the environment
- We shall use, store, and dispose of products in such a manner that will provide appropriate protection to the environment.
- Management will develop and enforce good environmental standards in accordance with relevant legislation.
- Worker will be kept informed on how to do their jobs in such a manner as to cause minimum environmental harm and waste of materials.
- Where possible, we shall recycle and promote the use of recycled products.

Disposal methods for:

- Used oil- place in oil barrel on east side of shop for pick up by Envirowest
- Batteries- send to Westman Salvage
- Tires- disposed of by current Tire Supply Company
